MINOR GAMES EXTRAVAGANZA

WHAT?

This amazing workshop will teach your students how to transfer fundamental motor skills into minor games and games context.

Learn how to transform your individual students capabilities into an amazing team work experience.

Learning team skills as sharing the ball, passing and catching, moving into space without the ball, improving eye and hand coordination and the concepts of defence, transition and offence.

The sessions are customised to the level of your student from prep to grade 6.
